Discussion of the following on Zoom

. Field Day

Rick Rodgers, KA0RLR, is working on securing a location for field day June 26-27th and believes George and Jodie's place on the south east edge of Council Bluffs will work well. He needs some commitments on who will bring radios, generators, batteries, antennas, coax. Etc. Food. A long discussion was held. His property (NME's) has a covered Gazebo with lights. 21501 Cardinal Lane Very South East corner of Council Bluffs.

Rick RLR asked about permission to use the K0SWI call and If ARRL needs that info.

Rea said permission is granted but did not think ARRL needs advisement.

A control operator or Operators need to be present at the field day site and be able to physically control, adjust the transmitters. In the past we usually had an Extra Class licensee supervise the users and proper band plan and use of the radios.

Brad Litton KF0FBK will serve as the safety officer. We get extra points If an elected office holder, fire chief, sheriff stops by...

Paul WB0GXD motioned to allocate 200 then amended to \$250.00 for food, drinks, water, fuel for Field Day Norm JYD 2nd PASSED

Gary KC8JOK recommended we have after action report to help future planning Motion to agree made by Rick RLR and 2nd by Bill FJR.

Please send Rick RLR a text or email on what equipment, food, radios, antennas You would bring to Field Day 402 515-2630Needs this ASAP.
