Editor and Publisher: Rick, KDOWDP

Greetings to all. I hope everyone is staying warm with this cold weather.

October Meeting:

The secretaries report and treasurers report were read, and motion was approved. It was also approved to allocate funds for postage. Discussion was tabled til November on funding the zoom meetings. Also discussed was funding for the liability insurance which was also tabled to gain clarification on what the policy covers.

A motion was made to amend the constitution for one year and re-elect Derek as club president. Motion carried and passed. A motion was also made to have Rick KDOWDP, continue as the editor of the newsletter, the printed circuit. The motion carried and was approved.

I have been informed that the Northeast Nebraska Hamfest in

Norfolk Ne., scheduled for Nov. 21st., has been cancelled. This is understandable with the coronavirus. The only group planning a Hamfest upcoming is LARC, the lincoln club for next March.

Im happy to announce that at least some of the items are getting sold from the estate. Its a slow process. The hamshack has been disassembled and all of the radios, power supplies, external speakers, and accessories are now in a seperate room and ready to sell. You can view the current list of items on the SWIARC website, or, email me at: KDOWDP@yahoo.com. Craig KDOYTI, announced that he is now accepting dues for the 2021 year for club dues.

Novembers meeting will have a surprise guest doing a program, on November 19.

Thank you to Keith AEP, for putting together the Saturday morning get togethers at Lake Manawa. They have been fun and informing.

Hopefully, we will continue this next

spring and summer.

In the December newsletter, I'm going to be discussing what the role of a Ham Radio Club is to its Community pertaining to: Public Service, EmComm, Events, ARES, Skywarn, Mutual Aid, etc. I will be discussing digital communications and the various ones we have available including DMR, DMARC, and FUSION. What are the differences, is one better than the other, and I'll be talking about Brandmeister. Hint: there's going to be a new Brandmeister repeater in the Omaha area up and running soon. More on that later.

Til next time,
73s
Rick KDOWDP
