Winter Field Day 2023

Winter Field Day (WFD), sponsored by the Winter Field Day Association, is coming again. This year, the dates are January 28 and 29.

WFD is a communications exercise and is held annually on the last full weekend in January. It can be worked from the comfort of your home or in a remote location. You can participate by yourself or get your friends, family, or whole club involved.

Complete rules can be found on the WFD website, at Home - Winter Field Day.

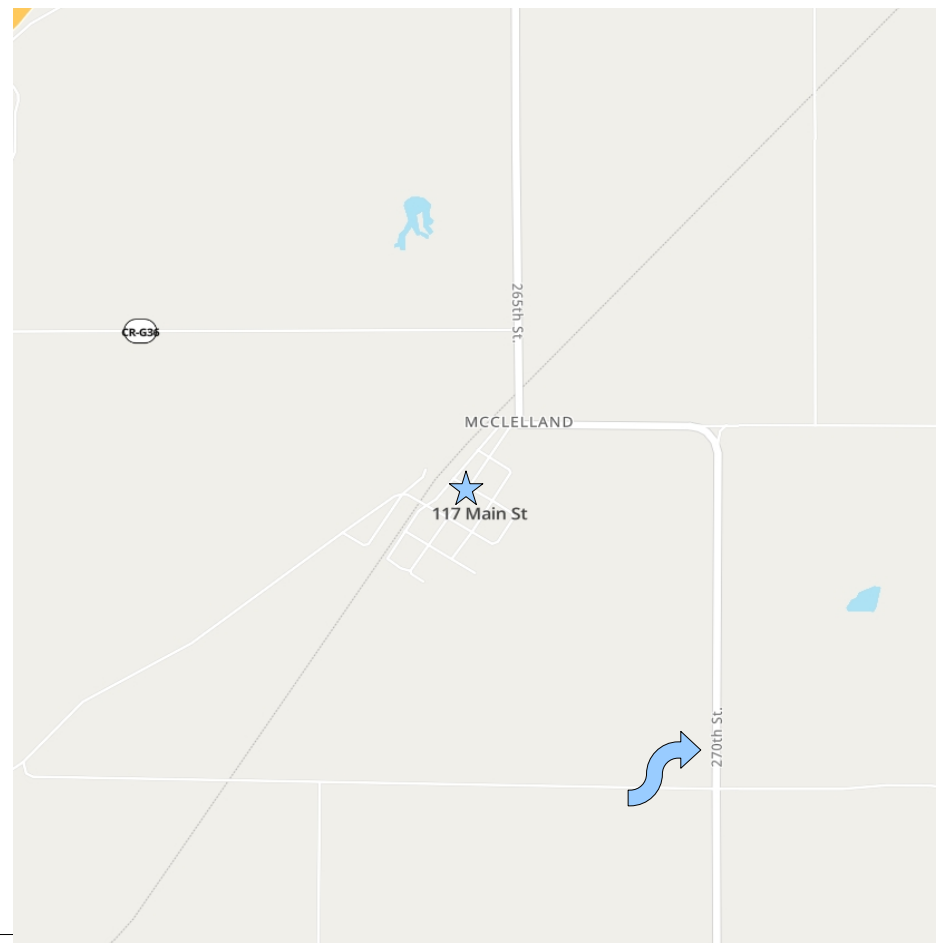

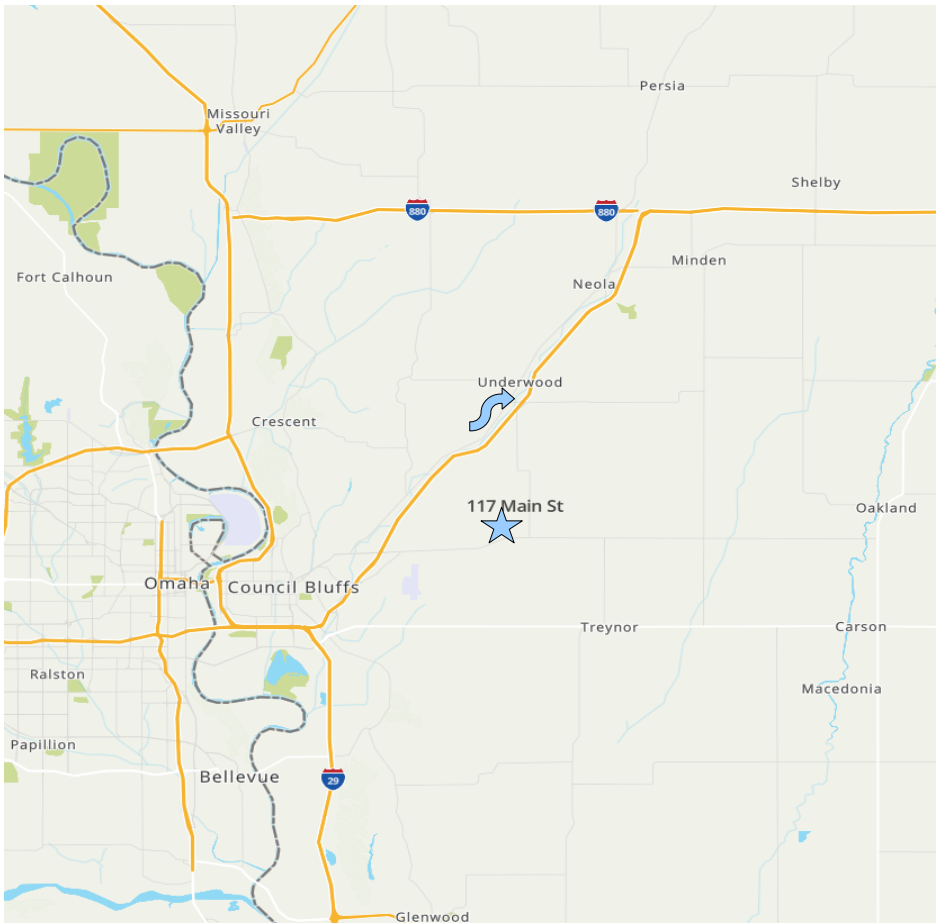

McClelland Directions

Via I-80

1. Take I-80 to Exit 17 and head East till you see 265th Street (top of hill)
2. Turn right, stay on that till you come to a three way stop
3. Then turn right and it will take you into McClelland.

Via Hwy 6

1. Take I-80 to Exit 8 and head East till you see 270th Street/L52
2. Stay on 270th which turns into Idlewood Rd till you come to a three way stop.
3. Stay straight and it will take you into McClelland.

What is a "C Battery"?

The term "C battery" might now be used to describe a size of cell (which a sufficiently pedantic person might argue is not actually a battery). But old tube radios might include a C battery, meaning something entirely different.
